About YCCE

Yeshwantrao Chavan College of Engineering is an autonomous engineering college affiliated to RTMNU (formerly, Nagpur University). It is located in the town of Hingna in the district of Nagpur. The college was established in 1984 and is named after Yashwantrao Chavan, former first Chief Minister of Maharashtra State and the former Deputy Prime Minister of India; since then, it has been under the administration of Nagar Yuwak Shikshan Sanstha, a subsidiary of Meghe Group. It attained its autonomous status from the University Grants Commission (India) in 2010. Since the last 38 years, the institution has magnificently cherished and encouraged the forthcoming engineering professionals across the country making it one of the most opted engineering colleges in Maharashtra.

The college is guided by the Academic Advisory Board consisting of eminent academicians from the prestigious technical institutes in India. YCCE is one of the top engineering colleges in Nagpur that aspires to create devoted, proficient, capable, and resourceful engineers who would utilize their assimilated knowledge and skills for the advancement of the organization as well as the Nation. It is the first private engineering college in Central India to acquire "Autonomous Status"

About YCCE TBI Foundation

We have recently established YCCE TBI Foundation, a section 8 company, for the provision of technology business incubation under a scheme of promotion of innovation, rural industries, and entrepreneurship of the Ministry of MSME, Govt. of India. At present 10 start-ups are registered and incubated at YCCE TBI Foundation. It is our initiation towards the development of the innovation and incubation ecosystem at YCCE, Nagpur.

The YCCE TBI Foundation is established for following objectives:

- Creation of technology based new enterprises,
- Creating value added jobs & services,
- Facilitating transfer of technology,
- Fostering the entrepreneurial spirit,
- Speedy commercialization of R&D output,
- Specialized services to existing SMEs

Innovations 'R' Us

About Innovations 'R' Us

Innovations 'R' Us is one of the biggest innovation and startup summits of Central India. IRU is a two-day event held on 20th and 21st of January of 2023.

The main aim of the event is to grow, scale and motivate the budding start-ups, entrepreneurs and inspire others to ideate, innovate and inculcate the ideas into their lives.

These days, generation of employment is the need of the hour, and these entrepreneurs can do so with the right support to them and their startups. This also falls hand in hand with the mission of the Government of "Make In India". This event will encourage the youth to be creative, come out from the job perspective and take their ideas of revenue generation to new heights and also help the growth of employment. This event will provide a huge platform to showcase their ideas with the intention to grow and scale them.

Innovations 'R' Us Day 1

Event 1: Keynote Speech

The keynote speech will mark the inauguration of our event. The keynote speaker will be a world renowned expert in the field of entrepreneurship and innovation addressing a crowd of 1500+ people consisting of enthusiastic students, faculties, innovators and entrepreneurs motivating all young minds to think big. This talk will not only help in the overall motivation of the listeners but also give them key insights needed for innovations, startups and entrepreneurship and inspire the innovators and entrepreneurs to achieve their dreams.

Event 2: Innovation and Startup Exhibition

This exhibition will be the most exciting part of our journey. This will be a place where participants from all around India will gather together to share their ideas and innovations with the entire world. People will come from all around to bear witness to the great minds of the upcoming generation. We will have with us students from all backgrounds and all ages, coming together to help spread their innovations and make the world a better place. Here, a team of highly qualified judges will select the most creative and out of the box innovations which would be felicitated in the Valedictory Ceremony with the heavy cash prizes and the start up ideas for the next round of the event, which will involve a shark tank like pitching competition. We will be taking in about 400 entries from all around India, out of which 300 will be innovations and 100 will be startups.

Innovations 'R' Us Day 2

Event 3: The Infinite Pitch

The second day of Innovations 'R' Us will bring about an exciting round of engagement. This event is called "The Infinite Pitch". The top 30 startups selected from the exhibition will get to present their awe-inspiring ideas in front of renowned investors from all across India. These investors will give the students their insights and assistance from their own experience and also offer investments with the purpose of helping these budding entrepreneurs achieve new heights in their startups.

Event 4: The Valedictory Award Ceremony

To felicitate the participants and celebrate their innovative minds, motivating them for further contributions to our planet, we will be giving cash prizes to the teams with best innovations from each category which will include the 1st prize of Rs 100000, 2nd prize of Rs 75000, 3rd prize of Rs 50000 and 5 consolation prizes of Rs 15000 in each category. Moreover, trophies will be presented to the startups with highest investments, Best Startup(Jury), Best Startup(Audience) joining in their celebration and wishing them great success in their journey forward.

Exciting Cash Prizes in each category:

- **1st Prize: 100000**
- **2nd Prize: 75000**
- **3rd Prize: 50000**
- **Consolation Prizes(5 in each Category): 15000 each**
